

# HARMONY HILLS

## AN ECO SCHOOL

### Recycling System

- Recycling stations with bins for paper, plastic, compost, and electronics
- Weekly waste weigh-ins monitored by Eco Club
- Student recycling monitors supervise bins and educate peers

### Community Action Rotas

- Litter picking patrols on a rotating year-group schedule
- Awareness posters created and displayed in school and the community

### Student Leadership Roles

- Eco Ambassadors organize campaigns and lead assemblies
- Green Team members work on projects around school
- Energy Watchers monitor and reward low energy use

### Why This Matters

- Adaptable tasks for all abilities encourage teamwork
- Learning through doing reinforces key concepts
- Time outdoors promotes wellbeing and belonging
- Children see their actions shape their environment
